### Professional Summary

Results-driven accountant with 7+ years of experience in financial analysis and budget management. Adept at optimising financial processes to drive cost savings and improve profitability and seeking to leverage expertise in a senior finance role.

### Experience

#### Senior Accountant

January 20xx - Present

Company: XYZ Corporation, London

Responsibilities and Achievements:

- Managed a team of three junior accountants, overseeing the daily financial operations, including accounts receivable, accounts payable, and payroll processing.
- Implemented an automated expense tracking system, reducing manual data entry errors by 20% and improving overall efficiency.
- Prepared detailed financial reports and presented findings to the executive team, resulting in data-driven decision-making and cost-saving measures.
- Collaborated with external auditors during annual audits, ensuring compliance with accounting standards and reducing audit time by 25%.

#### Financial Analyst

June 20xx - December 20xx

Company: ABC Consulting, Manchester

Responsibilities and Achievements:

- Conducted in-depth financial analysis of client companies, identifying cost reduction and revenue enhancement areas.
- Assisted in preparing financial models and forecasts for client presentations, contributing to successful negotiations and contract renewals.
- Managed client accounts, increasing annual revenue by 15% through upselling additional services and optimising pricing strategies.
- Developed automated financial reports in Excel, reducing reporting time by 30% and enhancing data accuracy.

#### Junior Accountant

May 20xx - August 20xx (Summer Internship)

Company: ABC Manufacturing, Manchester

Responsibilities and Achievements:

- Assisted in preparing monthly financial statements, including balance sheets, income, and cash flow statements.
- Conducted inventory reconciliations and identified discrepancies, leading to a 10% reduction in inventory holding costs.
- Collaborated with the tax department to gather data for tax return filings, ensuring timely compliance with tax regulations.
- Participated in cross-functional teams to streamline procurement processes, resulting in a 15% reduction in procurement cycle time.
